

Conference Program - Friday 31st of May 2024

31th European Congress of Veterinary Dentistry, 2024, Nantes, France

Page ¼

	Main Program			
Stream	Small animal and exotic animal dentistry		Equine dentistry	Interactive-Research sessions
	Essentials	Intermediate/advanced		
Room	Auditorium 450	Room GH: 100	R200	Room I (80 pax)
9.00-9.50	Erin P Ribka Pediatric Dentistry of the Dog and Cat 50	Anthony Caiafa The use of “bioactive” materials in Veterinary Dentistry 50	Amelia Ellen Sidwell Pilot study on hospitalised horses undergoing advanced dental procedures to further validate and assess the inter—observer variability of the horse grimace scale (HGS) 25 (SIMULTANEOUS TRANSLATION)	Bonnie H. Shope Practice Makes Perfect! Interactive Dental Radiographic Reading Session - Dogs and Cats (Part I) 60
			Leena Karma A proposal for a modified Honma caries grading system for infundiblar caries 25 (SIMULTANEOUS TRANSLATION)	
9.50-9.55	Change room			
9.55-10.45	Hannah van Velzen Antibiotic use in dentistry 50	Brook A. Niemiec Surgical Endodontics 50	Szabolcs Korsós Detailed description of the apical anatomy of equine cheek teeth 10 (SIMULTANEOUS TRANSLATION)	Bonnie H. Shope Practice Makes Perfect! Interactive Dental Radiographic Reading Session - Dogs and Cats (Part II) 60
			Szabolcs Korsós Efficient root canal debridement in the equine cheek tooth: a microCT study comparing two debridement methods 15 (SIMULTANEOUS TRANSLATION)	
10.45-10.50	Change room			
10.50-11.15	Peter Bogar Ergonomic considerations in veterinary dentistry and clinical settings 25	Santiago Peralta Palate surgery 25	Sam Hole Etiologie, diagnosis and treatment options for equine cheek teeth fractures 45 (SIMULTANEOUS TRANSLATION)	
11.15-11.45	COFFEE BREAK			
11.45-12.10	Paul Theuns Furcation exposure new developments 25	Erin P Ribka Vital Pulp Therapy in Dogs 25	Henry Tremaine - Acute myositis after dental treatments in two horses 15 (SIMULTANEOUS TRANSLATION)	
			Amelia Ellen Sidwell - Effect of oral dental extraction on systemic serum amyloid A (SAA) levels in adult horses: A prospective study 10 min (SIMULTANEOUS TRANSLATION)	
12.10-12.15	Change room			
12.15-13.00	KeyNote Lecture			
13.00-13.15	31th European Veterinary Dental Forum presentation Nantes			
13.15-14.30	LUNCH + AGM for EVDS members			

Conference Program - Friday 31st of May 2024

31th European Congress of Veterinary Dentistry, 2024, Nantes, France

Main Program				
Stream	Small animal and exotic animal dentistry		Equine dentistry	Research sessions
	Essentials	Intermediate/advanced		
Room	Auditorium 450	Room GH: 100	R200	Room I (80 pax)
14.30-14.55	Gottfried Morgenegg WSAVA Global Dental Guidelines 25 (SIMULTANEOUS TRANSLATION)	Alix Freeman & Annabel McFadzean Dentinogenesis imperfecta in a 5.5 year old labrador; diagnosis, imaging and treatment 25	Charles de Chaisemartin Surgical excision of a dentigerous cyst (heterotopic polyodontia) in the right maxillary sinus of an adult horse 10 Lou-Anne Donard A novel description of piezoelectric osteotomy for equine sinus surgery 15	Santiago Peralta Microbial and immunological signatures of canine periodontitis 25
14.55-15.00	Change room			
15.00-15.50	Brook A. Niemiec Brachycephalic Oral, Dental, and Maxillofacial Disease 50 (SIMULTANEOUS TRANSLATION)	Beth W. Romig Malfunction junction: Where dermatology and dentistry meet 50	Jessica Roßgardt Equine pulp – young tissue in old teeth 25 Laura Heilen Equine pulp – cells in vitro 25	Corrin Wallis Development of molecular tools for early detection of canine periodontitis 25 Santiago Peralta Precision veterinary oral oncology 25
15.50-16.20	COFFEE BREAK			
16.20-17.10	Loic Frederic Legendre Occlusal Evaluation 50 (SIMULTANEOUS TRANSLATION)	Yasamin Vali CBCT – indications and benefits derived from the administration of contrast medium 50	Carla Manso Different uses of Patelet Rich Fibrin in equine dentistry and its advantages 50	Lisa Mestrinho Exploratory clinical trial of cannabidiols anti-inflammatory effect in cats with feline chronic gingivostomatitis 25 Olga Lorida Preliminary results of the clinical and histopathological investigation of the possible occurrence of tracheobronchial disease in cats with chronic gingivostomatitis 10 Jacob Eriksson Accuracy of three diagnostic tests to detect tooth resorption in unowned unsocialised cats in Denmark 10
17:10-17.15	Change room			
17:15 – 18:00	Brook Niemec Restorative dentistry for the general practitioner 45 (SIMULTANEOUS TRANSLATION)	Richard (Chung-Wei) Chen The application of partial thickness flap and rotation flap in the treatment of ONF in dogs 10 Raluca Ioana Nedelea Some personalized approaches concerning the absence of a tooth on the dental arches in youngster dogs and cats: case report series 10 Jacob Eriksson Treating an aquired palatal defect with a 3D printed obturator 10	Neil Townsend Options to treat oronasal and orosinus fistulas in horses 40	Robert Marx Post-extraction upper lip entrapment in cats 10 Karolina Brunius Enlund Evaluation of a Thiol-Detection Test to Assess Tooth Brushing Efficacy in Dogs 10
20.00-1-00	DINNER			

Conference Program - Saturday 1st of June 2024
31th European Congress of Veterinary Dentistry, 2024, Nantes, France

	Main Program			
Stream	Small animal and exotic animal dentistry		Equine dentistry	Interactive session
Room	Essentials	Zoo/wildlife stream		
	Auditorium 450	Room GH: 100	R200	Room I (80 pax)
9.00-9.50	Anthony Caiafa Tooth resorption in dogs 50	Cedric Tutt Giant Panda dentition – computed tomographic assisted description of the teeth 50	Denis Verwilgen A review on antiseptics and their use, benefits and drawback in dentistry. Both in relation to oral cavity and instrument disinfection 30	Boaz Arzi Management of TMJ trauma: should we intervene surgically and when? 60
9.50-9.55	Change room			
9.55-10.45	Loic Frederic Legendre Luxating all the way 50	Yves Debosschere and Martin Böye Mini debate on Ethical Implications of Zoos and Aquariums in Modern Society – a role of a dental veterinarian 80	Denis Verwilghen Recording dental findings - systems and legal background 30	Boaz Arzi Repair of mandibular fractures – is it time to question the use of MMF? 60
10.50- 11.15	Pavlina Kocianova Teeth cleaning: the most natural thing in the world – but for who? 25		Michèle Clarysee Analysis of dental dust and its potential respiratory health risk 15 Elke Pollaris and Chris Hannes Oral lesions induced by the bit 50	Stephanie Goldschmidt Diagnostic imaging and staging of oral cancer - are we using ideal modalities? 60
11.15-11:45	Cofee break			
11.45-12.35	Robert Furman Oral surgery: an introduction to maxillectomy and mandibulectomy 50	Hanne Ellen Kortegaard Use of Magnetic Mallet and PRF membranes to ease tooth extraction and promote healing in large carnivores 50	Chris Pearce Hard interdental bridges for the management of chronic diastemata 35	Stephanie Goldschmidt Surgical Oncology – when and how to push the boundaries? 60
12.35-13.00	Roman Thissen One-Step Approach for the Treatment of Narrow Based Canines in Dogs 25	Joao Filipe Requich Oral microbiotia in captive snakes: a study in Burmese and Royal pythons 25	Manfred Stoll Options to treat oronasal and orosinus fistulas in horses 45	
13.00-14.30	LUNCH			

Conference Program – Saturday 1st of June 2024

	Main Program			
Stream	Small animal and exotic animal dentistry		Equine dentistry	Research sessions
	Essentials	Intermediate/advanced		
Room	Auditorium 450	Room GH: 100	R200	Room I (80 pax)
14.30-15.20	Erin P Ribka Canine and Feline Oral Pathology 50	A Caiafa A review of the management of maxillary fractures in companion animals and the use of a 'novel' transmaxillary pin to repair traumatic maxillary fractures in two dogs 50	Kati Tuomola Is rein tension associated with horse behaviour and mouth lesions in harness racing trotters? – Pilot study 25	Sergio Minei Normal variation of clinical mobility of the mandibular symphysis in dogs 25
			Carsten Stazcyk Anatomy and function of the Temporomandibular joint of the horse 30	Sergio Minei Normal variation of clinical mobility of the mandibular symphysis in cats 25
15.20-15.45	Hannah van Velzen Extraction tips for feline dentistry 25	Loic Frederic Legendre Novel Approach to Repairing Caudal Mandibular Fractures 25	Bettina Hartl Do computertomographic changes of the hyoid correlate with dental pahologies or radiologic changes of the temporomandibular joint 10	Laura Šakarnytė Etiological agents of advanced periodontal disease in dogs 10
				Šparaš Luka Microbial contamination levels in water derived from dental unit waterlines 10
15.45-16.30	COFFEE BREAK			
16.30-17.15	Bonie Shope Focus on Benign Gingival Enlargements: From Diagnosis to Treatment 45	Alix Freeman An update on our experience with the RAP plate in feline caudal mandibular fracture repair 45	James Carmalt An overview of TMJ disease and its relationship to performance problems 50	
17.15-18.00	Beth W. Romig Oh, no: Oncology in the oral cavity 45	Kayoko Kuroda Management for Linguoversed Deciduous Mandibular Canines (LDMC) in Dogs: Existing and Experimental Techniques 45	Elke Pollaris and Chris Hannes Oral lesions induced by the bit 40	
18.15-19.00	Farewell Drink
